

ISC CHARGING STATIONS

The Soho II charging station by Akkumat is a standing table equipped with six charging cables with various connectors for mobile devices ((Apple Lightning, micro-USB und USB-C). In addition, one mobile device can be charged wirelessly. Thus, up to seven devices can be charged simultaneously.

The table cover can be branded individually.

MEASUREMENTS:

Diameter: 590mm

Height: 1099,87mm

SPONSORSHIP

One sponsorship set includes 10 tables with your branding message placed in a prominent high traffic area outside the exhibition hall.

Limited to 2 sponsors only (10 tables each); it is possible to sponsor all 20 tables.
