ISC HIGH PERFORMANCE 2022 STUDENT VOLUNTEER PROGRAM

PLEASE NOTE: The submission process for the SV Program is closed!

If you are a student pursuing a bachelor's, master's, or PhD in computer science or another STEM-related field and have an interest in high performance computing (HPC), volunteering at ISC 2022 will help steer your career in the direction you want to go.

We are looking for dedicated and reliable young people to help us run our conference, which will be attended by about 3,000 HPC practitioners, users and vendors. In return, you will have the opportunity to attend tutorials, conference sessions, workshops, the exhibition and selected evening events.

This will not only give you the opportunity to meet leading HPC researchers and scientists, but also the chance to interact with like-minded people from other educational institutions and international businesses. This program has helped past volunteers to secure internships, PhD admissions and also jobs.

ISC 2022 will be held in a very comfortable and safe environment; we also provide accommodation for out-of-town volunteers.

PROMOTING INCLUSIVITY

As a conference that’s committed to inclusivity efforts, we encourage minority STEM students to use this
forum as a springboard. It's your chance to gain insight into HPC in academia, research, and in the commercial environment.

**IMPORTANT DATES**

**BENEFITS**

**By becoming a student volunteer at ISC 2022, you will receive the following benefits:**

- Access to the tutorials, conference sessions and workshops, depending on your daily work schedule
- Access to the show floor and the opportunity to talk to all exhibitors
- Admission to evening events
- Housing (out-of-town volunteers only) in shared double rooms
- Meals during conference hours
- Conference proceedings
- The intangible value of networking with renowned HPC experts, commercial users, influencers and future employers.

**REQUIREMENTS & RESPONSIBILITIES**

- Volunteers must be enrolled in a PhD, masters, or full-time undergraduate program at the time of the conference.
- Volunteers must be able to speak English fluently.
- Volunteers must be willing to work* a minimum of around 25 hours before and during the
conference (must be available from May 27 to June 3, 2022).

- Volunteers are solely responsible for their travel expenses. In some cases your school may be able to provide assistance.
- Volunteers are fully vaccinated against or fully-recovered from the coronavirus disease (an officially issued medical confirmation is needed).

(COVID-19 regulations)

*NOTE: Duties before and during the conference may include tasks such as assisting attendee check-in, doorkeeper at conference sessions, running microphones to audience members during sessions, providing technical support to the ISCnet team or the event technicians, monitoring catering areas, counting participants at sessions, and other similar tasks.

APPLICATION PROCESS

Only complete applications submitted through the ISC 2022 Linklings submission site and completed by following the mentioned requirements, will be considered.

- short cover letter
- short curriculum vitae (CV) / résumé
- valid, dated student identification card or certificate of matriculation
- official letter of recommendation signed by the recommending professor
- official confirmation by medical authorities on full Covid-19 vaccination or full recovery status

Applications will be accepted until February 13, 2022, and all applicants will be notified by February 24, 2022.
